## SOFTWARE ENGINEER

---

I'm a recent graduate from SUNY - University at Buffalo. I'm looking for a challenging role in which I can apply the skills I have acquired from my education. I have experience with **HTML, CSS, JavaScript, C, Scala, and Python**. I have most knowledge in **React**, as well as using databases such as **MySQL** and **MongoDB**.

## TECHNICAL SKILLS

---

**Languages** : JavaScript, C, Scala, HTML/CSS, Python, Golang, PHP  
**Frameworks** : React.js  
**Databases** : MongoDB, MySQL  
**Dev Tools** : Visual Studio Code, Git, Trello/ZenHub, Docker, Command Line

## PROJECTS

---

### School Project - UBRoomies

*React.js, HTML/CSS, Git*

- Designed and developed an interactive and modern website using **HTML, CSS, and JavaScript** in a group of 6
- Designed concept flow using **Figma** and worked closely under a Project Manager
- Optimized website for **speed and user experience**, focused on creating an accessible UI
- **Responsive design** was a focus to ensure compatibility across all devices and platforms
- Deployed on University at Buffalo servers

### School Project - StudyBuddies

*React.js, PHP, MySQL, HTML/CSS, Git*

- Developed a study group finder using **HTML, CSS, JavaScript, PHP, and MySQL** in a group of 3
- Website focuses on connecting students with similar peers looking for friends/group members
- Utilized **GitHub and Trello** and focused on the design process, while achieving a finished and polished product
- Deployed on University at Buffalo servers with Apache

### School Project - Rock, Paper, Scissors

*Python/Flask, Docker, MongoDB, HTML/CSS, Git*

- Lead a team of 5 on a simple website application implementing Docker to allow for a secure website
- Utilized **Flask and Docker** to implement websockets as well as security of the database

### School Project - Netflix Recommendations

*Scala, Git*

- Generated movie recommendations based on a user's current ratings of genres within movie categories
- Parsed data files containing users, ratings, movies, and genres to calculate a user's projected rating of a movie
- Estimated potential rating for recommendation to the user

## WORK EXPERIENCE

---

### **Sales Associate**

*Dick's Sporting Goods*

Sep 2022 – Present  
Orchard Park, New York

- Attentively listen to a customer's needs to assist in finding the best product suited for them
- Perform sales floor work, such as stocking shelves, greeting customers, and taking inventory
- Provide a quick turnaround for customer's items in for services
- Ensure customers leave satisfied and knowledgeable on the products they were assisted with

## EDUCATION

---

### **SUNY - University at Buffalo**

*Bachelor of Science in Computer Science*

Amherst, New York  
Jan 2020 – Dec 2023
